## INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS' AUDIT REPORT

To the Commissioners' of the  
Vermont Lottery Commission  
Barre, Vermont

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the Vermont Lottery Commission, an enterprise fund of the State of Vermont, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the basic financial statements as listed in the table of contents.

#### *Management's Responsibility for the Financial Statements*

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial statement audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Opinion*

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Vermont Lottery Commission, as of June 30, 2015, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Commissioners' of the  
Vermont Lottery Commission  
Barre, Vermont  
Page 2

*Emphasis of Matter*

As discussed in Note 1, the financial statements present only the Vermont Lottery Commission and do not purport to, and do not present fairly the financial position of the State of Vermont, as of June 30, 2015, the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

As discussed in Note 13, during the year ended June 30, 2015, the Vermont Lottery Commission implemented Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Reporting for Pensions and GASB Statement No. 71, Pension Transitions for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68, which required a restatement of the beginning net position as of July 1, 2014. This statement has a material impact on the Vermont Lottery Commission's financial statements as the financial statements and note disclosures were significantly modified to comply with GASB Statement No. 68. Our opinion is not modified with respect to this matter.

*Other Matters*

*Report on Summarized Comparative Information*

We have previously audited the Vermont Lottery Commission's financial statements for the year ended June 30, 2014, and we expressed an unmodified audit opinion on those audited financials in our report dated November 13, 2014. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

*Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 4–6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Commissioners' of the  
Vermont Lottery Commission  
Barre, Vermont  
Page 3

Accounting principles generally accepted in the United States of America require that the Schedule of the Lottery's Proportionate Share of the Net Pension Liability and the Schedule of Lottery Contributions be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We were unable to apply certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America because we did not perform the valuation and allocation of the State of Vermont's pension plan. The amounts used in the schedules were provided to us by the Department of Finance & Management of the State of Vermont. We do not express an opinion or provide any assurance on the information.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated November 2, 2015, on our consideration of the Vermont Lottery Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Vermont Lottery Commission's internal control over financial reporting and compliance.

**VERMONT LOTTERY COMMISSION**  
**MANAGEMENT DISCUSSION AND ANALYSIS**  
**June 30, 2015**

This discussion of the Vermont Lottery Commission's financial performance provides an overview of the Commission's financial activities for the fiscal year ended June 30, 2015. Please read it in conjunction with the financial statements.

The Vermont Lottery Commission (the Lottery) is an enterprise fund of the State of Vermont. The Commission's operations are classified as business-type activities and reported in a manner similar to commercial entities.

**Financial Highlights**

- Gross revenues for lottery gaming activities increased by \$9,447,017 or 9.23%.
- Total operating expenses for the year increased by \$9,029,741 or 11.32%. Of this increase, prize expense increased by \$7,680,975 facilities management fees increased by \$365,911, agent commissions increased by \$811,546, instant ticket printing costs increased by \$405,341, and Tri-State expenses decreased by \$186,329.
- Nonoperating revenue in FY 2015 included an unrealized loss on investments of \$19,235. The total investment income of \$6,991 resulted in an overall increase of \$21,999 from the non-operating loss in FY 2014.
- Income before operating transfers (net revenue) increased by \$439,275.

**Assets and Net Position**

The assets of the Lottery are primarily cash and investments held for operating purposes. Total assets at June 30, 2015, of \$8,684,887 include net capital assets of \$3,133, restricted investments of \$1,312,188, deferred pension outflows of \$107,570 and current operating assets such as cash and cash equivalents, accounts receivable, prepaid expenses and inventory of \$7,261,996. Net position retained by the Lottery was \$27,812.

Total assets at June 30, 2014, of \$8,300,576 include net capital assets of \$5,138, restricted investments of \$1,532,327 and current operating assets such as cash and cash equivalents, accounts receivable, prepaid expenses and inventory of \$6,763,111. Net position retained by the Lottery was \$688,993.

**Liabilities**

The Lottery's liabilities consist of operating liabilities and obligations for payment of prizes to lottery winners. Total liabilities at June 30, 2015, of \$8,657,075 include long-term liabilities for prize obligations of \$947,520, cash advances from the State of \$300,000, pension liabilities of \$926,451 and current operating liabilities of \$6,483,104.

Total liabilities at June 30, 2014, of \$7,611,583 include long-term liabilities for prize obligations of \$1,054,567, cash advances from the State of \$300,000 and current operating liabilities of \$6,257,016.

**VERMONT LOTTERY COMMISSION**  
**MANAGEMENT DISCUSSION AND ANALYSIS**  
**June 30, 2015**

**Sales**

The following shows ticket sales by game:

	<u>2015</u>	<u>2014</u>
Instant scratch off games	\$ 85,510,664	\$ 75,972,763
Draw Games:		
Powerball	8,248,673	9,498,896
Mega Millions	3,673,978	3,986,661
Hot Lotto	--	781,827
Lucky for Life	1,880,839	2,054,306
Megabucks Plus	3,752,681	3,923,082
Pick 3	1,365,420	1,354,018
Pick 4	1,202,858	1,198,852
Raffle	--	140,860
Gimme 5	760,929	868,628
Fast Play	<u>5,358,839</u>	<u>2,529,565</u>
Total sales	<u>\$ 111,754,881</u>	<u>\$ 102,309,458</u>

**Prizes**

In general, while the prize payout percentage is consistent, prize expense will increase or decrease from year to year in proportion to the increase or decrease in sales for a particular game. Prize expense for the instant games product category is controllable, to a large degree, by printing a predetermined number and value of winning tickets in the production of each instant game. Prize expense for draw games is predetermined by design to yield a certain ratio of prizes to sales over a large number of drawings. The Lottery has designated that at least 50% of draw sales revenue be reserved for prize awards. Each of the draw games actual prize payout is determined by lottery players' luck in matching the particular set of numbers randomly selected in each drawing for each game. If the value of prizes for the winning tickets selected is not at least the 50% of sales revenue, the difference between the designated prize pool and the value of the winning tickets is contributed to either a jackpot pool, in the case of Tri-State Megabucks, the Powerball game, Mega Millions game and Hot Lotto game, or is reported as prize contingencies by the Tri-State Lotto Commission in the case of Pick 3, Pick 4, Gimme 5, and Fast Play or by the Vermont Lottery Commission in the case of Lucky for Life.

	<u>2015</u>	<u>2014</u>
Prize expense - Instant scratch off games	\$ 58,333,653	\$ 51,345,396
Prize expense - Draw games	<u>14,376,679</u>	<u>13,683,961</u>
Total prizes	<u>\$ 72,710,332</u>	<u>\$ 65,029,357</u>

**VERMONT LOTTERY COMMISSION**  
**MANAGEMENT DISCUSSION AND ANALYSIS**  
**June 30, 2015**

**Other Potentially Significant Factors**

Operating results for 2015 were improved over 2014. The overall improvement in sales was offset by the increased cost of sales. Much of the increased sales were in Instant Scratch games and the Fast Play Progressive games which had prize payouts that were higher than online games. The increased sales in these games were the result of strategic planning for how we market and offer lottery games in retail.

The Lottery is a highly visible governmental activity. Its mission is to operate a State Lottery that will produce the maximum amount of net revenue consonant with the dignity of the State and general welfare of the people. There are a number of revenue-enhancing opportunities generally available to the lottery industry. These options, if deemed to be consonant with the general welfare of the people by those in the executive branch and/or legislature, may be considered in future years.

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2015 and 2014**

**Note 1. Nature of Operations and Summary of Significant Accounting Policies**

**Nature of operations**

The Vermont Lottery Commission (the Lottery) was created by an enactment of the Vermont State Legislature and signed into law by the Governor on April 27, 1977. Title 31, Chapter 14 of the Vermont Statutes is the law under which the Lottery operates. The Lottery is an enterprise fund of the State of Vermont and is managed by a five-member Commission appointed by the Governor for three-year terms. The Commission, by law, has the authority to operate the State lottery, determine the type and forms of lottery games, set the price of lottery tickets, determine the number and size of prizes, select the ticket sales locations and may enter into agreements with another state or states to provide for the operation of the Lottery.

Fiscal operations of the Lottery commenced in October, 1977. The Lottery's net revenue was transferred to the State of Vermont's General Fund through June 30, 1998. Beginning July 1, 1998, the Lottery's revenue is committed to funding public education, and Lottery net revenue is transferred to the State of Vermont Education Fund on a monthly basis.

The Lottery entered into a compact with the states of Maine and New Hampshire known as the Tri-State Lotto. The compact was enacted to implement the operation of Tri-State Lotto for the purpose of raising additional revenue for each of the party states. Vermont's portion of the Tri-State Lotto operations is accounted for by the Lottery.

In July 2003, the Lottery entered into an agreement with the Multi-State Lottery Association (MUSL) for the inclusion of the Powerball game.

In March 2012, the Lottery entered into an agreement with the Connecticut Lottery Corporation, the Maine State Liquor & Lottery Commission, the Massachusetts State Lottery Commission, the New Hampshire Lottery Commission, and the Rhode Island Division of State Lottery to offer Lucky for Life, a New England regional lotto game. In January 2015, Lucky for Life was expanded to include 10 other state lotteries.

**A summary of the Corporation's significant accounting policies follows:**

**Reporting entity**

The Lottery is included in the State of Vermont's financial statements as an enterprise fund. In accordance with governmental accounting and financial reporting standards, there are no component units to be included within the Lottery's financial statements as a reporting agency.

**Basis of accounting**

The financial statement presentation follows the recommendations of the Governmental Accounting Standards Board (GASB) in its Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments. The Lottery uses the economic resources measurement focus and the accrual basis of accounting whereby revenues are recorded when earned and expenses are recorded when the obligation for payment is incurred. The Lottery is classified as an enterprise fund of the governmental proprietary fund type.

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2015 and 2014**

**Note 1. Nature of Operations and Summary of Significant Accounting Policies (continued)**

**Basis of accounting (continued)**

Enterprise funds account for operations similar to private business enterprises where the intent of the Legislature is that costs are to be financed or recovered primarily through user charges, or where the Legislature has decided that periodic determination of revenue earned, expenses incurred or net income is appropriate.

**Revenue recognition**

Sales of instant lottery tickets are made to licensed retailers who market the tickets to the public on a commission basis. Revenue is recognized when the books of tickets are settled with the retailers. Tickets activated, but not sold by retailers, may be returned for credit. Sales of online lottery tickets are made to licensed retailers who market the tickets through the use of computerized terminals on a commission basis. Ticket revenue is recognized weekly. Tickets sold in advance of future drawing dates are recorded as deferred revenue until the ticket becomes valid for a drawing.

**Expenses**

Commissions and fees for the instant and online games are recognized weekly. Administrative expenses, such as salaries, benefits, contracted services, depreciation, equipment and supplies are included in the Lottery's annual operating budget appropriation from the Legislature. This budget appropriation came from Lottery revenues. Other Lottery operating expenses, which will vary with product sales volume, such as lottery tickets, courier system, agent network expenses and facilities management fees for the gaming systems vendor are considered "cost of goods", are part of an authorized amount approved by Finance and Management, and are derived from Lottery revenues. In addition, Vermont State Statute Title 31, Chapter 14, §658 provides that agent commissions may not exceed 6.25% of gross receipts and bank commissions may not exceed 1% of gross receipts. The statutes also provide that the Lottery must pay out no less than 50% of gross receipts as prizes.

**Cash and cash equivalents**

Cash includes demand deposits and short-term investments with a maturity date within three (3) months of the date acquired by the Lottery except for amounts included in the investment account.

**Investments**

Investments with readily determinable fair market values are reported at their fair market values on the balance sheet. The Lottery's policy is to retain in net position the unrealized gains and losses on long-term investments held for the purpose of paying long-term installment prizes due to winners. This policy is consistent with the provision for apportionment of Lottery revenues in Title 31, Chapter 14, §654 (11)(A).

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2015 and 2014**

**Note 1. Nature of Operations and Summary of Significant Accounting Policies (continued)**

**Fair value measurements**

Professional literature defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The guidance states that fair value is a market-based measurement, not an entity-specific measurement.

Therefore, a fair value measurement should be determined based on the assumptions market participants would use in pricing the asset or liability under current market conditions at the measurement date. As a basis for considering market participant assumptions in fair value measurements, the guidance establishes a fair value hierarchy that is based on the subjectivity of inputs.

It distinguishes between observable inputs (Levels 1 and 2) which are either observable from market data or corroborated by observable market data and those that are unobservable (Level 3).

Three levels of inputs that may be used to measure fair value are as follows:

Level 1 – Unadjusted quoted prices in active markets for identical assets or liabilities. Level 1 assets and liabilities include debt and equity securities that are traded in an active exchange market.

Level 2 – Inputs other than quoted prices included in Level 1 that are observable, either directly or indirectly. Such inputs may include quoted prices for similar assets, observable inputs include quoted prices (interest rates, yield curves, etc.) or inputs derived principally from or corroborated by observable market data by correlation or other means. This category generally includes certain U.S. Government and agency mortgage-backed debt securities and alternative investments using net asset value (NAV) per share for which the Organization has the ability to redeem its investment at or close to the measurement date.

Level 3 – Inputs are unobservable data points for the asset or liability, and include situations where there is little, if any, market activity for the asset or liability. The inputs reflect the Organization's assumptions based on the best information available in the circumstances. This category generally includes certain private debt and equity instruments, alternative investments where the investee at NAV per share or the redemption date is not close to the measurement date. This category also includes investments held in trust where the Organization is not the trustee and the beneficial interest is in perpetual trust.

All long-term investments (see Note 4.) have been valued in accordance with the definition of Level 1 inputs as described above.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value.

Furthermore, although the Lottery's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2015 and 2014**

**Note 1. Nature of Operations and Summary of Significant Accounting Policies (continued)**

**Allowance for doubtful accounts**

It is the policy of management to review the outstanding receivables at year end, as well as the bad debt write off experienced in the past, and establish an allowance for doubtful accounts for uncollectable amounts. Based on management's estimates, \$34,231 and \$63,414 was recorded as an allowance for doubtful accounts at June 30, 2015 and 2014, respectively .

**Inventory**

Inventory consists of lottery tickets on hand and prizes. Inventory is valued at the lower of cost or market using the first-in, first-out method.

**Property and equipment**

Property and equipment are stated at cost, recorded as a capital asset based on the nature of the item and depreciated over the estimated useful life of the asset. Capital assets are defined by the Lottery as assets with an initial individual cost of more than \$5,000 and a useful life of more than two years. Capitalized costs include freight-in, licenses, title application and any other costs required to establish the initial operation of the asset. Improvements and additions to an asset are capitalized. Maintenance and repair costs are not capitalized. Depreciation expense is calculated using the straight-line method over the estimated lives of the assets which are:

Office furniture and equipment	3-7 years
Leasehold improvements	10-15 years

**Compensated absences**

Lottery employees are entitled to certain compensated absences based on their length of employment. Generally, compensated absences either vest or accumulate and are accrued when they are earned. Sick leave does not accrue beyond annual use.

**Advertising**

Advertising costs are expensed as incurred.

**Annuities**

The Lottery is the owner of two annuities that were purchased for grand prizes won by two individuals in 1995. The cost of the annuities was charged against the reserve for future prizes at the time of purchase. The annuities were purchased from the following insurance company and have the following expiration dates:

<u>Insurance Company</u>	<u>Annuity Expiration Date</u>
Keyport Life Insurance Company	November 14, 2015
Keyport Life Insurance Company	December 15, 2014

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2015 and 2014**

**Note 1. Nature of Operations and Summary of Significant Accounting Policies (continued)**

**Estimates**

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Risk management**

The Lottery is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; injuries to individuals; and natural disasters. These are managed by the State of Vermont on behalf of the Lottery.

**Reclassifications**

Certain amounts for the year ended June 30, 2014, have been reclassified for comparative purposes to conform to the presentation used in the June 30, 2015 financial statements. The reclassifications have no effect on total net position for the year ended June 30, 2015.

**Subsequent Events**

Subsequent events have been evaluated through November 2, 2015, which is the date the financial statements were issued.

**Note 2. Cash and cash equivalents**

**Custodial credit risk on deposits**

Custodial credit risk is the risk that in the event of a bank failure, the Lottery's deposits may not be returned to it. The Lottery does not have a deposit policy for custodial credit risk. As of June 30, 2015, all of the Lottery's bank balance of \$2,709,942 was insured or collateralized. As of June 30, 2014, all of the Lottery's bank balance of \$2,194,113 was insured or collateralized. Collateralized amounts are held by the pledging bank's trust department in the Lottery's name.

**Cash with the State of Vermont Treasurer**

Cash with the State Treasurer represents cash held by the Vermont State Treasurer's Office for the purpose of funding expenditures of the Lottery and transfers to the State of Vermont Education Fund. The expenditures are provided for by an appropriation from the State of Vermont which is derived from Lottery revenues for the operation of the Lottery. The balance in this account is reduced by transfers of net revenue of the Lottery to the State of Vermont Education Fund.

**VERMONT LOTTERY COMMISSION**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015 and 2014**

**Note 3. Accounts Receivable**

Accounts receivable consisted of the following at June 30:

	<u>2015</u>	<u>2014</u>
MUSL	\$ 730,002	\$ 789,063
Tri-State	668,380	164,606
Intralot	55,103	70,000
Regular Agents	304,336	876,928
Chain Agents	<u>260,376</u>	<u>232,905</u>
Total accounts receivable	2,018,197	2,133,502
Less allowance for doubtful accounts	<u>(34,231)</u>	<u>(63,414)</u>
Accounts receivable, net	<u>\$ 1,983,966</u>	<u>\$ 2,070,088</u>

**Note 4. Investments**

Investments consisted of the following at June 30:

	<u>2015</u>	<u>2014</u>
U.S. Treasury Strips	\$ 1,312,188	\$ 1,438,629
Annuity Contracts	<u>--</u>	<u>93,698</u>
Total investments	<u>\$ 1,312,188</u>	<u>\$ 1,532,327</u>

**Interest rate risk**

The Lottery purchases investments in government securities that will mature in future years to pay multi-year payment prizes won by certain instant ticket winners (see Note 9). These are held by the Trust Department of the People's United Bank in Burlington, Vermont, and are reported at market value. The Lottery also owns two annuity contracts purchased for winners which are reported at amortized cost. Because these investments are scheduled to be paid to winners as they mature, the Lottery has an investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

**Credit and custodial credit risk**

Investments in the two annuity contracts are both with Keyport Life Insurance Company (see Note 1.). These contracts are unrated.

Investments as of June 30, 2015 and 2014 were \$1,312,188 and \$1,532,327, respectively.

**VERMONT LOTTERY COMMISSION**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015 and 2014**

**Note 5. Inventory**

Inventory consisted of the following at June 30:

	<u>2015</u>	<u>2014</u>
Tickets on hand	\$ 645,989	\$ 466,455
Prizes	<u>69,984</u>	<u>--</u>
Total inventory	<u>\$ 715,973</u>	<u>\$ 466,455</u>

**Note 6. Property and Equipment**

The following is a summary of the changes in property and equipment over the fiscal years:

	Balance <u>July 1, 2014</u>	Balance <u>June 30, 2015</u>	Accumulated <u>Depreciation</u>	Net Property & Equipment <u>June 30, 2015</u>
Computer equipment	\$ 5,584	\$ 5,584	\$ 5,584	\$ --
Furniture & fixtures	56,114	56,114	56,114	--
Other equipment	130,754	117,004	117,004	--
Leasehold improv.	<u>59,935</u>	<u>59,935</u>	<u>56,802</u>	<u>3,133</u>
Total	<u>\$ 252,387</u>	<u>\$ 238,637</u>	<u>\$ 235,504</u>	<u>\$ 3,133</u>

  

	Balance <u>July 1, 2013</u>	Balance <u>June 30, 2014</u>	Accumulated <u>Depreciation</u>	Net Property & Equipment <u>June 30, 2014</u>
Computer equipment	\$ 5,584	\$ 5,584	\$ 5,584	\$ --
Furniture & fixtures	56,114	56,114	56,027	87
Other equipment	130,754	130,754	130,754	--
Leasehold improv.	<u>59,935</u>	<u>59,935</u>	<u>54,884</u>	<u>5,051</u>
Total	<u>\$ 252,387</u>	<u>\$ 252,387</u>	<u>\$ 247,249</u>	<u>\$ 5,138</u>

**Note 7. Accounts Payable**

Accounts payable consisted of the following at June 30:

	<u>2015</u>	<u>2014</u>
Tri-State	\$ 75,448	\$ 65,191
MUSL	35,862	81,769
Vendors	<u>509,482</u>	<u>556,608</u>
Total accounts payable	<u>\$ 620,792</u>	<u>\$ 703,568</u>

**VERMONT LOTTERY COMMISSION**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015 and 2014**

**Note 8. Due to Winners**

The following is a summary of requirements to maturity for long-term installment prizes due to winners awarded as of June 30, 2015 and payable through the year 2033:

	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
Current Portion:			
For the year ending June 30,			
2016	<u>\$ 166,505</u>	<u>\$ 3,495</u>	<u>\$ 170,000</u>
Long-Term Portion:			
For the year ending June 30,			
2017	157,270	12,730	170,000
2018	104,155	15,845	120,000
2019	98,294	21,706	120,000
2020	92,590	27,410	120,000
2021	87,150	32,850	120,000
2022 - 2026	261,590	138,410	400,000
2027 - 2031	108,514	91,486	200,000
2032 - 2033	<u>37,957</u>	<u>42,043</u>	<u>80,000</u>
Total long-term portion	<u>947,520</u>	<u>382,480</u>	<u>1,330,000</u>
Total requirements to maturity	<u>\$ 1,114,025</u>	<u>\$ 385,975</u>	<u>\$ 1,500,000</u>

Due to winners represents annual payments owed to jackpot winners and is fully funded by investments in U.S. Government Treasury Strips and annuities that mature on a schedule coinciding with the installments (see Note 4).

**Note 9. Prize Expense and Reserve for Future and Unclaimed Prizes**

By law, the Lottery must pay a minimum of 50% of gross revenue to participants in the form of prizes. Prize expense is calculated on the basis of total sales multiplied by an approved prize payout percentage. The reserve for future and unclaimed prizes is increased by the prize expense as calculated and reduced by the dollar value of prizes actually paid out. Unclaimed prizes from online games can be used for special prizes, to supplement regular prizes or in the case of instant games can be transferred to the State of Vermont Education Fund.

For instant games, the Lottery calculated prize expense at varying percentages according to game design ranging from 62% to 74% for the years ended June 30, 2015 and 2014.

In September 1985, the states of Vermont, Maine and New Hampshire instituted Tri-State Megabucks (now known as Tri-State Megabucks Plus), with a calculated prize expense of 50% of ticket sales. Megabucks Plus ticket sales in Vermont were approximately \$3.8 million for the year ended June 30, 2015 and \$3.9 million for the year ended June 30, 2014.

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2015 and 2014**

**Note 9. Prize Expense and Reserve for Future and Unclaimed Prizes (continued)**

The Lottery began offering the Pick 3 and Pick 4 daily numbers games in November 1980 and September 1985, respectively, with calculated prize expense of 50% of ticket sales. Effective June 1995, the daily numbers games, Pick 3 and Pick 4, became Tri-State games. Pick 3 and Pick 4 sales in Vermont were approximately \$2.6 million for the year ended June 30, 2015 and \$2.5 million for the year ended June 30, 2014.

The Tri-State Lotto Commission's net position for the years ending June 30, 2015 and 2014 were \$8,384,974 and \$9,771,309, respectively. Of these amounts, \$4,345,585 represented designated prize reserves for each year and \$4,039,389 and \$5,023,724 represented unrealized gains on investments held for installment prize obligations for the years ended June 30, 2015 and 2014, respectively. The Tri-State Lotto Commission's annual financial report may be obtained by writing to the Tri-State Lotto Commission, 1311 US Route 302, Suite 100, Barre, Vermont 05641.

Effective July 1, 2003, the Lottery became a member of the Multi-State Lottery Association (MUSL) which operates online games on behalf of participating state lotteries. Each MUSL member sells game tickets through its agents and makes weekly transfers to the MUSL in an amount equivalent to the member's share of the estimated grand prize liability. Each MUSL member pays non-jackpot prizes directly to the winners. The MUSL operates the Powerball game as well as Hot Lotto and is a member of the Mega Millions group offering the Mega Millions game. Participating lotteries are required to maintain deposits with MUSL for contingency reserves to protect MUSL from unforeseen prize liabilities. The money in these reserve funds is refundable to MUSL members if the MUSL disbands or if a member leaves the MUSL Board. Vermont Powerball sales were approximately \$8.2 million for the year ended June 30, 2015 and approximately \$9.5 million for the year ended June 30, 2014. In July 2009, Vermont began offering Vermont Hot Lotto with the Sizzler feature, both with a calculated prize expense of 50% of ticket sales. Vermont Hot Lotto sales were \$0 for the year ended June 30, 2015 and \$0.78 million for the year ended June 30, 2014. The Vermont Lottery discontinued its offering of the Hot Lotto game in May 2014. In January 2010, Vermont began offering Vermont Mega Millions with the Megaplier feature, both with a calculated prize expense currently at no more than 50% of ticket sales. Vermont Mega Millions sales were approximately \$3.7 million for the year ended June 30, 2015 and \$3.9 million for the year ended June 30, 2014. On behalf of the Lottery, the MUSL held in trust prize reserve accounts for Powerball, Hot Lotto and Mega Millions totaling \$519,229 for the fiscal year ended June 30, 2015 and \$566,462 for the fiscal year ended June 30, 2014. The MUSL annual financial report may be obtained by writing to the Multi-State Lottery Association, 4400 N.W. Urbandale Drive, Urbandale, Iowa 50322-7919.

In March 2012, Tri-State ended the Weekly Grand Extra game; it was not replaced with another Tri-State game until Gimme 5 was launched in May 2013 with a calculated prize expense of 53%. Gimme 5 sales in Vermont were approximately \$761,000 for the year ended June 30, 2015 and \$869,000 for the year ended June 30, 2014.

In March 2012, the states of Vermont, Maine, New Hampshire, Connecticut, Massachusetts and Rhode Island instituted Lucky for Life, with a calculated prize expense of 60% of ticket sales. Lucky for Life ticket sales in Vermont were approximately \$1.9 million for the year ended June 30, 2015, and \$2.1 million for the year ended June 30, 2014. In January 2015, Lucky for Life was expanded to include 10 other state lotteries.

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2015 and 2014**

**Note 10. Deferred Revenue**

Deferred revenue consists of subscription receipts for Megabucks Plus, Powerball and Mega Millions games, advance tickets sold for the Powerball, Mega Millions, and Lucky for Life games and refundable terminal deposits for new agents. The sales revenue will be recognized as the drawings are held and the terminal deposits are refundable after one year.

**Note 11. Net Position**

Net position invested in capital assets of \$3,133 and \$5,138 includes furniture, equipment and leasehold improvements net of depreciation at June 30, 2015 and 2014, respectively. Unrestricted net position includes net position of \$645,397 and \$466,455 reserved for inventory and \$198,163 and \$217,399 for unrealized gains on investments held for the purpose of paying long-term installment prizes due to winners at June 30, 2015 and 2014, respectively. These reserves are consistent with the provision for apportionment of Lottery revenues in Title 31, Chapter 14, §654(11)(A) & (B).

**Note 12. Appropriations**

The following are the cash basis appropriations compared to expenses at June 30:

	<u>2015</u>	<u>2014</u>
Appropriation	\$ 3,319,443	\$ 3,188,165
Expenses	<u>3,042,649</u>	<u>2,947,081</u>
Appropriations in excess of expenses	<u>\$ 276,794</u>	<u>\$ 241,084</u>

At June 30, 2015, \$153,333 was encumbered for personal services and equipment. At June 30, 2014, \$42,485 was encumbered for personal services and advertising.

**Note 13. Retirement Plan**

The Vermont State Retirement Defined Benefit Plan, which is a single employer plan, covers substantially all Lottery employees except employees hired in a temporary capacity. Membership in the plan is a condition of employment. All eligible employees of the Lottery are Group F members.

The Lottery has implemented GASB Statement No. 68, Accounting and Reporting for Pensions and GASB Statement No. 71, Pension Transitions for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68, for the fiscal year ending June 30, 2015. GASB Statement No. 68 replaces the requirements of GASB Statement No. 27, Accounting for Pensions by State and Local Government Employers, and requires that employers report a net pension liability (NPL) and related pension expense as determined by the plan under the requirements contained in GASB Statement No. 67, Financial Reporting for Pension Plans. GASB Statement No. 71 requires that upon implementation of GASB Statement No. 68, a government recognize a beginning deferred outflow of resources for its pension contributions made subsequent to the measurement date of the beginning net pension liability.

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2015 and 2014**

**Note 13. Retirement Plan (continued)**

Implementation of these new financial reporting standards required that the Lottery restate its beginning net position as of July 1, 2014, for the cumulative effects of applying this statement. In addition, in accordance with the provisions of these statements, beginning balances of deferred pension outflows of resources and deferred pension inflows of resources have not been reported, except for recognizing the beginning balance for deferred outflows of resources for pension contributions made subsequent to the measurement date of the beginning pension liability but before the start of the Lottery's fiscal year.

In order to provide the necessary disclosures that are required under the various GASB Statements, the disclosures below are separated into two sections. The first section (Disclosures about the Defined Benefit Retirement Plans) offers disclosures about the plan itself - descriptions of the plan and who is covered; an analysis of the membership of the various groups of the plan as of the end of the fiscal year; a discussion of benefits provided by each of the plans. The financial statements of the defined benefit plan are included in the State of Vermont Comprehensive Annual Financial Report (CAFR) and can be found on the Department of Finance and Management web page at [www.finance.vermont.gov](http://www.finance.vermont.gov) and going to reports and publications.

The second section (Financial Reporting of Net Pension Liability and Pension Expense by the Employer as required by GASB Statement No. 68) provides additional information regarding the pension plan that are required by GASB Statement No. 68 - changes in net pension liability, balances of deferred pension outflows of resources and deferred pension inflows of resources (including prospective schedules of amortization of the deferred outflows and inflows), and the calculation of pension expense for the year.

GASB Statement No. 68 also requires that government units with stand-alone financial statements present a schedule presenting the employer's proportion and proportionate share of the net pension liability; the employer's covered-employee payroll; the employer's proportionate share of the net pension liability as a percentage of the employer's covered-employee payroll; and the plans fiduciary net position as a percentage of the total pension liability. In addition, GASB Statement No. 68 requires that if the contribution requirements are statutorily established, the employer present a 10-year schedule presenting the statutorily required contribution; the amount of contributions made; the difference between the two; the employer's covered payroll; and the amount of contributions as a percentage of covered payroll. These two schedules are presented as Required Supplementary Information (see page 35).

**Disclosures about the Defined Benefit Retirement Plans**

This first section provides the disclosures about the defined benefit retirement plan required by GASB Statement No. 68.

*Plan Descriptions*

The Vermont State Retirement System (VSRS) (3 V.S.A. Chapter 16) is a single-employer defined benefit pension plan which covers substantially all general State employees and State Police, except employees hired in a temporary capacity. Membership in the system is a condition of employment.

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2015 and 2014**

**Note 13. Retirement Plan (continued)**

**Disclosures about the Defined Benefit Retirement Plans (continued)**

*Plan Descriptions (continued)*

Management of the plan is vested in the VSRS Retirement Board, which consists of an appointee of the governor; state treasurer; commissioner of human resources; commissioner of finance and management; three members of the Vermont State Employees' Association who are active members of the system (each chosen by such association in accordance with its articles of association) and one retired state employee who is a beneficiary of the system (to be elected by the Vermont Retired State Employees' Association).

Membership of the Vermont State Retirement System is made up of the following:

- General employees who did not join the non-contributory system on July 1, 1981 (Group A)
- State police, law enforcement positions, and airport firefighters (Group C)
- Judges (Group D)
- Terminated vested members of the non-contributory system (Group E)
- All other general employees (Group F).

At June 30, 2015, VSRS membership consisted of the following:

	<u>Total</u>	<u>Group A</u>	<u>Group C</u>	<u>Group D</u>	<u>Group F</u>
Total active members	8,446	6	442	48	7,950
Retirees currently receiving benefits	5,583	210	395	60	4,918
Terminated & vested employees not yet receiving benefits	693	4	26	1	662
Inactive members	<u>891</u>	<u>--</u>	<u>29</u>	<u>--</u>	<u>862</u>
Total members	<u>15,613</u>	<u>220</u>	<u>892</u>	<u>109</u>	<u>14,392</u>

**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015 and 2014**

**Note 13. Retirement Plan (continued)**

**Disclosures about the Defined Benefit Retirement Plans (continued)**

*Contributions*

Title 3 VSA Chapter 16 of Vermont Statutes grant the authority to the retirement board to review annually the amount of contribution recommended by the actuary of the retirement system as necessary to achieve and preserve the financial integrity of the fund, and submit this recommendation to the Governor and both houses of the legislature. Employee contributions are established in Chapter 16. Contribution rates for the fiscal year ended June 30, 2015, for the various groups are as follows:

	<u>Group A</u>	<u>Group C</u>	<u>Group D</u>	<u>Group F Hired Before 7/1/2008</u>	<u>Group F Hired After 7/1/2008</u>
Employee contributions	6.4% of gross payroll	8.28% of gross payroll	6.4% of gross payroll	6.4% of gross payroll	Same
Employer contributions	10.04% of gross payroll	Same			

**Financial Reporting of Net Pension Liability and Pension Expense by the Employer**

This section includes the information that is required by GASB Statement No. 68. It reports information regarding the calculation of the net pension liability, including changes during the measurement period in both total pension liability and plan net position; balances in the various components of deferred pension outflows of resources and deferred pension inflows of resources and the amounts to be recognized in pension expense in future periods; and the calculation of pension expense.

The Lottery is a separate fund of the State of Vermont, and information is presented in this section for the Lottery's proportionate share of the various components of the plan. The proportionate share was determined by dividing the Lottery's Employer Contribution by the total Employer Contributions by all of the State's funds and component units. The Lottery's proportionate share of the collective net pension liability was 0.1971% on the reporting date, and was 0.2122% on the measurement date.

*Reporting Date, Measurement Date, and Valuation Date*

Net pension liabilities, deferred pension outflows of resources, deferred pension inflows of resources, and pension expense are all presented as of the Lottery's reporting date (June 30, 2015) and for the Lottery's reporting period (the year ended June 30, 2015). These amounts are measured as of the measurement date and for the measurement period (the period between the prior and current measurement dates). GASB Statement No. 68 requires that the current measurement date be no earlier than the end of the employer's prior fiscal year. For the reporting date of June 30, 2015, the State has chosen to use the end of the prior fiscal year (June 30, 2014) as the measurement date, and the year ended June 30, 2014 as the measurement period.

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2015 and 2014**

**Note 13. Retirement Plan (continued)**

**Financial Reporting of Net Pension Liability and Pension Expense by the Employer (continued)**

*Reporting Date, Measurement Date, and Valuation Date (continued)*

The total pension liability is determined by an actuarial valuation performed as of the measurement date, or by the use of update procedures to roll forward to the measurement date amounts from an actuarial valuation as of a date no more than 30 months and 1 day earlier than the employer's most recent fiscal year-end. The State has elected to apply update procedures to roll forward amounts from an actuarial valuation performed as of June 30, 2013, to the measurement date of June 30, 2014.

*Net Pension Liabilities*

The net pension liability (NPL) is measured as the portion of the actuarial present value of projected benefit payments that is attributable to past periods of employee service, net of the pension plan's fiduciary net position. The changes in the components for the measurement period are as follows:

	Net Pension Liability
Balance - June 30, 2013	\$ 948,309
Changes for the year:	
Service cost	77,585
Interest	308,682
Change in proportional share	(67,628)
Contributions - employer	(111,312)
Contributions - employee	(62,562)
Net investment income	(401,476)
Administrative expenses	2,282
Other changes	(894)
Net changes	(255,323)
Balance - June 30, 2014	\$ 692,986

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2015 and 2014

**Note 13. Retirement Plan (continued)**

**Financial Reporting of Net Pension Liability and Pension Expense by the Employer  
(continued)**

*Net Pension Liabilities (continued)*

The following presents the net pension liability, calculated using the discount rate of 8.22%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (7.22%) or 1-percentage point higher (9.22%) than the current rate:

One-percent decrease		
Discount rate		7.22%
Net pension liability (asset)	\$	1,157,181
Net pension liability, as reported		
Discount rate		8.22%
Net pension liability (asset)	\$	692,986
One-percent increase		
Discount rate		9.22%
Net pension liability (asset)	\$	301,732

*Deferred Pension Outflows of Resources and Deferred Pension Inflows of Resources*

Most changes in the net pension liability are included in pension expense during the year of change. Changes resulting from current-period service cost, interest on the total pension liability, and changes in benefit terms are required to be included in pension expense immediately. Similarly, projected earnings on the pension plan's investments are also required to be included in the determination of pension expense immediately.

The effects of certain other changes in the net pension liability are required to be included in pension expense over the current and future periods. The effects on the total pension liability of (1) changes of economic and demographic assumptions or of other inputs, (2) differences between expected and actual experience and (3) changes in proportion and the effect of certain employee contributions on the employer's net pension liability are required to be included in pension expense in a systematic and rational manner over a closed period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active employees and inactive employees), beginning with the current period. This treatment arises from the concept that pensions arise from an exchange between employer and employee of salaries and benefits for employee service each period and that these transactions and related pension measurements are viewed in the context of ongoing, career-long employment relationships.

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

June 30, 2015 and 2014

**Note 13. Retirement Plan (continued)**

**Financial Reporting of Net Pension Liability and Pension Expense by the Employer (continued)**

*Deferred Pension Outflows of Resources and Deferred Pension Inflows of Resources (continued)*

The effect on the net pension liability of differences between the projected earnings on pension plan investments and actual experience with regard to those earnings is required to be included in pension expense in a systematic and rational manner over a closed period of five years, beginning with the current period. This treatment arises from the concept that these changes result from the use of estimates, where probabilities of events range from zero to 100 percent, while actual events either occur or do not occur. Therefore, differences between some estimates and actual experience will occur with every measurement that incorporates future events.

Changes in the net pension liability not included in pension expense are required to be reported as deferred outflows of resources or deferred inflows of resources related to pensions. Employer contributions subsequent to the measurement date of the net pension liability are required to be reported as deferred outflows of resources.

As of June 30, 2015, the Lottery reported the following deferred pension outflows of resources and deferred pension inflows of resources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Net differences between projected and actual earnings on plan investments	\$ --	\$ 177,108
Change in the proportion and the effect of certain employer contributions on the employer's net pension liability	--	56,357
Employer contributions made subsequent to the measurement date	<u>107,570</u>	<u>--</u>
Total	<u>\$ 107,570</u>	<u>\$ 233,465</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

2016	\$ 52,022
2017	(55,548)
2018	(55,548)
2019	(55,548)
2020	<u>(11,273)</u>
Total	<u>\$ (125,895)</u>

**Note 13. Retirement Plan (continued)**

**Financial Reporting of Net Pension Liability and Pension Expense by the Employer (continued)**

*Pension Expense*

As discussed above, most changes in the net pension liability are included in pension expense in the year of change, including changes resulting from current-period service cost, interest on the total pension liability, changes in benefit terms, and projected earnings on the pension plan's investments. Other changes in net pension liability are recorded as deferred pension outflows of resources and deferred pension inflows of resources, and included in pension expense on a systematic and rational manner over current and future periods.

Pension expense for the year ended June 30, 2015 is as follows:

Service cost	\$ 77,585
Interest on total pension liability	308,682
Employee contributions	(62,562)
Plan administrative costs and other changes	1,388
Projected earnings on plan investments	(180,091)
Recognition (amortization) of deferred pension inflows of resources	
Difference between expected and actual experience	(44,277)
Changes in proportional share of contributions	<u>(11,271)</u>
Total pension expense	<u>\$ 89,454</u>

The following is a summary of System participants as of June 30, 2014, the measurement date:

Active employees	
Vested	5,637
Non-vested	<u>2,688</u>
Total active employees	<u>8,325</u>
Retirees and beneficiaries of deceased retirees currently receiving benefits	5,980
Terminated employees entitled to benefits but not yet receiving them (vested)	732
Inactive members	<u>867</u>
Total participants	<u>15,904</u>

*Actuarial Methods and Assumptions*

Methods and assumptions used to determine the annual pension cost and net pension obligation are based on a valuation date of June 30, 2015, including no changes to the assumptions from the June 30, 2014 valuation.

Valuation date	6/30/2013
Inflation assumptions	3.0% - 3.25%
Investment rate of return	6.25% - 9.0%
Projected salary increases	3.0% - 7.79%
Cost of living adjustments	1.5% - 3.0%

Post retirement adjustments:

Allowances in payment for at least one year adjusted for cost of living based on CPI but not in excess of percentage indicated	Groups A, C & D - 5%
--	-------------------------

Allowances in payment for at least one year increased on January 1 by one-half of the percentage increase in the CPI but not in excess of percentage indicated	Group F - 5%
--	--------------

Assumed annual rate of cost-of-living increases	For those eligible for increases of 100% of CPI change - 3% For those eligible for increases of 150% of CPI change - 1.5%
---	--

**VERMONT LOTTERY COMMISSION**  
**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2015 and 2014**

**Note 14. Retirement Expense**

Retirement expense consisted of the following for the years ended June 30:

	<u>2015</u>	<u>2014</u>
GASB Statement No. 68 pension expense	\$ 89,454	\$ --
Reclassification of FY15 contributions made after measurement date	(107,570)	--
Cash employer contributions to retirement plans	169,537	164,006
Adjustment for changes to payroll accrual made after measurement date	<u>452</u>	<u>--</u>
Total retirement expense	<u>\$ 151,873</u>	<u>\$ 164,006</u>

**Note 15. Deferred Compensation**

The State offers its employees a deferred compensation plan created in accordance with section 457 of the Internal Revenue Code. The plan, available to all Lottery employees, permits them to defer a portion of their current salary until future years. The deferred compensation is not available to the employees until termination, retirement, death or an unforeseeable emergency.

In compliance with Federal mandates, the Vermont State Retirement Board adopted a Plan Trust Declaration for the State of Vermont's Deferred Compensation Plan effective January 1, 1999. The Federal mandate was established to protect the assets of deferred compensation plans by requiring the assets be placed in a trust to be used for the sole purpose of plan participants. After January 1, 1999, the plan assets are no longer considered assets of the State of Vermont.

**Note 16. Concentrations**

Lottery utilized Intralot, Inc., a service organization, to process all of its online games and generate the accounting reports the Lottery used to record this activity in FY 2015. The Lottery also utilized Intralot to validate and settle its instant ticket lottery games. The Lottery utilized Pollard Banknote in fiscal year 2015 to print its instant games. Other service providers are available; however, an interruption in service by Intralot or Pollard Banknote could have an adverse impact on the Lottery's revenues.

**Note 17. Commitments**

The State of Vermont entered into an agreement on behalf of the Lottery for office space. The lease commenced September 1, 2004 for ten years. The lease provides for annual rent of \$129,675 for the first five years and \$142,576 for the remaining five years through August 31, 2014. The State renewed the lease for an additional five years at an annual rate of \$156,834 plus allowance for property tax increases. The annual rent was \$163,409 and \$142,576 for the years ended June 30, 2015 and 2014, respectively.

**VERMONT LOTTERY COMMISSION**

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2015 and 2014**

**Note 17. Commitments (continued)**

The Lottery has a three-year agreement with Pollard Banknote Limited to print instant game tickets through January 15, 2017. The total cost of the contract is not to exceed \$6.3 million.

The Lottery is contracted with Intralot, Inc. to provide for the operation of an online gaming system through June 30, 2016. The estimated total contract price is approximately \$25 million over the six-year contract.

**Note 18. Prior Period Adjustment**

As discussed in Note 13, the Lottery implemented GASB Statement No. 68, Accounting and Reporting for Pensions and GASB Statement No. 71, Pension Transitions for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68, for the fiscal year ending June 30, 2015. Implementation of these new financial reporting standards required that the Lottery restate its beginning net position as of July 1, 2014, for the cumulative effects of applying this statement. In addition, in accordance with the provisions of these statements, beginning balances of deferred pension outflows of resources and deferred pension inflows of resources have not been reported, except for recognizing the beginning balance for deferred outflows of resources for pension contributions made subsequent to the measurement date of the beginning pension liability but before the start of the Lottery's fiscal year. Accordingly, a net adjustment of \$836,997 was made to reduce the beginning balance of net position for the year ended June 30, 2015. The comparative 2014 amounts were not restated as all the information needed to restate was not readily available.

**SUPPLEMENTAL INFORMATION**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROLS OVER FINANCIAL  
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT  
AUDITING STANDARDS***

To The Commissioners of  
The Vermont Lottery Commission  
Barre, Vermont

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Vermont Lottery Commission (the Lottery), an enterprise fund of the State of Vermont, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Lottery's basic financial statements, and have issued our report thereon dated November 2, 2015.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Lottery's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Lottery's internal control. Accordingly, we do not express an opinion on the effectiveness of the Lottery's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Lottery's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

To the Board of Directors of  
Vermont Lottery Commission  
Barre, Vermont  
Page 2

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
